

TAX SALE IS POSTPONED TILL NOV. 18

Work at The Pump Station is Progressing — Cemetery Agreement Ratified — Increase in Police Salary

The regular meeting of the town council was held in the council chamber last Monday evening. Mayor Bell occupied the chair and the following councillors were present: Messrs. Howard, Broughton, Lydell, Lavelle and Oates.

In the business arising out of the minutes of last meeting, the committee appointed to complete arrangements for the purchase of a cemetery, reported, and same was approved, subject to the ratification of the town council.

It was also reported that the work on the addition to the pump station was progressing favorably.

The finance committee, to whom the application of Chief Dunnett for an increase in salary was referred, reported, and recommended that Mr. Dunnett be given an increase of \$100 per month, same to commence Oct. 1st.

The recommendation was sanctioned by the unanimous vote of council.

Councillor Howard, who represented the council at the Union of Municipalities convention, gave a report of the business transacted.

Some of the more important questions up for discussion, among other things the question of raising paper on the co-operation of rural and urban councils and motor clubs for the building and maintenance of roads.

A resolution was also passed suggesting that soldiers' salaries be fixed at \$100 per month less an amount for board and lodging.

There was some discussion on the single tax system and although it came in for considerable criticism, it was finally decided to be the best for the present.

Some time at the convention was also taken up with the discussion of school conditions, some of the principal speakers claiming that too much attention was given to frills in our schools and not enough to the important subjects. This paved the way for a discussion of what was considered by some a very unsatisfactory system of collecting school monies at present.

It was pointed out that school boards had no responsibility in providing the necessary funds to conduct school affairs. They simply said they wanted so much and the council were duty bound to provide that amount.

It was thought if the boards had to worry over the securing of the funds, they might be more economical. Councillor Howard's personal views on this point were that the council should have an educational committee of three with two trustees outside of the council, the latter to be elected separately by the ratepayers.

This committee to manage school affairs. This suggestion was favorable to a number of delegates at the convention but owing to the rash of other hours of the convention no definite action was taken.

On motion of Councillors Lavelle and Broughton a vote of thanks was extended to Councillor Howard for his exhaustive report on the proceedings of the convention.

Poundkeeper Crooks reported that he had had four cows in pound with \$100 damages charged against them. The owner of the cows paid the damages under protest and asked that arbitrators be appointed to set the damages, as he considered them excessive.

Arbitrators were appointed, Mr. Trunks, who owned the cows had appointed his arbitrator, and he had appointed another but J. C. Bell, who empowered the cattle would not appoint the third as required by law.

Mr. Crooks was instructed to act as a fair holder and not to allow the cattle to be notified all concerned. If all were not represented at the time and place mentioned he was instructed to refer the case to the town council.

The question of employing a night police was introduced and referred to the police committee with instructions to investigate and report at next meeting.

On motion of Councillors Oates and Lavelle the adjourned tax sale to be held on the 28th inst. was further postponed till Nov. 18.

Council then adjourned.

Work Under Way on Telephone Exchange

S. Turner, of Medicine Hat, who has the contract for building the new telephone exchange here, now has a gang of 20 men working on the job and is progressing favorably.

The new building will be 24 feet by 26 feet and the specifications call for a one-story brick-veneer building. The front has an arched finish and the entire building is nicely lighted with this large windows. The inside will be finished with hardwood floor and trimmings. The floor space allows for a small front office and two other rooms a fitted up for the accommodation of the staff.

The material is now all on the ground and Mr. Turner expects to have the new building ready to occupy one month from today.

When completed this building will be quite an acquisition to the street and will be a vast improvement over the present cramped quarters.

Alderson Homesteader Commits Suicide

Strand Halvor, a homesteader just outside of Alderson, committed suicide at Glenora, where he had been working for a short time. Halvor was a Norwegian and a bachelor, his only relative in Aerien being a brother in Canada who was the one the man had been trying to communicate.

When Halvor was found, a bloody razor was lying at his feet and a note was pinned to his chest, reading: "I am tired of this life. I have \$14 in my pocket, the same as he had when he left. Alderson, Sept. 27, 1917."

No reason can be assigned for the rash act, as he was well-to-do and the average homesteader. He had a fair crop this year, had some stock and good farm equipment. He was twenty-eight or thirty years of age.

Will Fix Price of Foodstuffs Here

Food Controller Hanna stated this week in an interview that prices of wheat, barley and oats in Canada would be fixed in a short time, but just when the announcement would be made he could not say.

Formation and statistics have been gathered that will result in the prices of these staples being regulated. It is estimated that the price of wheat in Canada will be determined by the price of wheat in England.

As regards the price of beef, Mr. Hanna pointed out that this was a difficult thing to regulate. The price of beef in Canada is determined by the price of beef in England.

Italian Flies From Italy to England

Capt. Lauretti, one of the most daring Italians, who has twice been decorated with military medals for valor, accompanied by an observer, made the first Italy-to-England flight, repeating the feat of 1910 of the late George Chaves in crossing the Alps. Captain Lauretti covered 100 English miles in 722 minutes, Captain Lauretti flew at a height of 10,000 feet. He encountered high winds, fogbanks, rainstorms and clouds on the route which over Modane and Culoz in southern France, thence over the French battle line in northern France to Cape Gris-Nez and thence across the English channel. He brought mail to the Italian ambassador.

Another Air Raid On English Coast

Hostile airplanes attacked the south-east coast of England last Monday. According to official announcements the raiders came in at different places in Kent and Essex. A few of them flew over the Thames and landed London. Bombs were dropped at several points. The casualties so far reported are six persons killed and about 20 injured. The raid on London occurred between 8 and 9 o'clock and lasted about 45 minutes.

The raid on London was the first since the raid on Dover, which occurred on the 24th inst. The raiders, but with what results is not yet known. The Germans used a number of aerial torpedoes.

The municipality of Berlin announces that the cattle merchants have claimed that the supply of meat in Berlin gets only one-sixth of the quantity needed, and the greater part of the population is unable to obtain any meat.

ATTENTION Is called to the fact that anyone allowing their poultry to run at large at any time of the year, are liable to be prosecuted under the Town Bylaw.

Owing to number of complaints that serious damage is being done to gardens, the provisions of the Bylaw will be rigorously enforced.

Rebekahs Attend Service in a Body

Notwithstanding the threatening weather about church time there were a good attendance of Rebekahs and Old Fellows of the Prosebyrian service last Sunday evening.

The pastor, Mr. Thuring, expects to have the new building ready to occupy one month from today.

When completed this building will be quite an acquisition to the street and will be a vast improvement over the present cramped quarters.

Formation and statistics have been gathered that will result in the prices of these staples being regulated. It is estimated that the price of wheat in Canada will be determined by the price of wheat in England.

Another Attempt at Union Government

Report from Winnipeg says: "The fact that Newton J. Howell, leader of the opposition in the Ontario legislature, and Hon. James A. Calder, of Saskatchewan, are in Winnipeg Tuesday and that they had some conversation with local Liberals has been widely reported. It is said that they are anxious to see a national government formed at Ottawa."

It is understood that some of the western Liberals who have been mentioned in the past negotiations, with others, will before long go east, and that Mr. Howell will visit them. The fate of a national government will be decided, it is hinted, at the federal capital, perhaps next week.

Church Notices

FIRST BAPTIST CHURCH, Sunday, morning at 11 a. m.; subject: "A Question of Wages." Evening at 7:30, subject: "The Religion of Sacrifices and Prosperity." Sunday school at 12 noon. Friday: Church practice at 8 p. m.

NUMEROUS PEASANTS In Russian Congress

The democratic congress of Russia according to the present program, will be composed of 1,200 members, made up to participate are arriving from political organs from all parts of the country, and the definite composition of the congress has not yet been decided. As the organization committee has decided to give a small number of seats to representatives of the professional and industrial associations, the middle or property classes will not be in the majority of the members, however, will represent the peasantry. It is announced that the congress may open on Sept. 28, a day later than originally planned.

Alberta Soldiers Elect Their M. P.'s

In the Alberta overseas election, Captain Robert Pearson, of Calgary, Y. M. C. A. officer, with 4,286 votes, and Miss Robert Cathrine MacAdams, of Edmonton, a nurse at Opplington hospital, with 4,203 votes, are elected.

These will be the two soldiers representatives in the Alberta legislature and as a result Alberta will now have two lay members.

Brisk in Chicago

Chicago purports all other American cities as a British recruiting center. The Canadian-American newspaper published in that city, "The Star," has been dropping at several points. The casualties so far reported are six persons killed and about 20 injured. The raid on London occurred between 8 and 9 o'clock and lasted about 45 minutes.

The raid on London was the first since the raid on Dover, which occurred on the 24th inst. The raiders, but with what results is not yet known. The Germans used a number of aerial torpedoes.

The municipality of Berlin announces that the cattle merchants have claimed that the supply of meat in Berlin gets only one-sixth of the quantity needed, and the greater part of the population is unable to obtain any meat.

Expect Over \$700.00 For French Fund

The committee appointed to look after the collection of money in this district for the French Emergency fund, report very satisfactory progress so far.

At present they have on hand for this fund about \$600.00 and the campaign is yet far from complete. Several of the industries have yet to be heard from and some of these who are responsible for other subscription lists have not yet reported. However, as all are reporting favorable progress it is expected that when all the returns are in the contribution from Red Cliff and district will well over the \$700.00 mark.

Considering the result in other places much larger than Red Cliff this amount is most gratifying.

Sold Red Cross For the Red Cross

When R. H. Stoner was out on a trip exhibiting one of the great linen manufactured at his plant here, he decided to abandon the task at Daysburg and return to his home in the city. In order to dispose of the stock quickly he donated it to the Red Cross society of that town. This was done by a letter from the secretary of the society thanking him for his liberal gift and informing him that the stock was sold by public auction, netting \$2,500 for the society.

The tank was a new one and was no doubt somewhat jaded by its long ride behind the doctor's six cylinder.

CHURCH NOTICES

FIRST BAPTIST CHURCH, Sunday, morning at 11 a. m.; subject: "A Question of Wages." Evening at 7:30, subject: "The Religion of Sacrifices and Prosperity." Sunday school at 12 noon. Friday: Church practice at 8 p. m.

CHURCH OF ENGLAND

Friday—Children's church practice at 7:30, evening and afternoon for women; church practice at 8.

Saturday—St. Michael and All Angels—Holy communion at 8 a. m.; corporate communion of W. A. Matton; at 11:15—children's service 2:30, evening 7:30.

Sunday—W. A. A. 4:15. Thursday—W. A. in Parish hall at 8.

THE PRESBYTERIAN CHURCH

The Sabbath school has its rally day every second Sabbath and next Sabbath at 11 o'clock forenoon. The congregation is invited to meet with the school at the hour. The habes of the school will also be present. All are invited to this annual treat. Subject: "The Hope of the World." The sermon at half past seven in the evening will reveal "The Key to Paradise."

Prayer service on Wednesday evening at 8. This service will be preparatory to the holy communion on the following Sabbath.

The Ladies' Aid meets on Thursday at 3 o'clock.

Tomorrow (Friday) the Ladies Aid will have a 15-cent tea at 2 o'clock, beginning at 3 o'clock.

CHURCH OF THE BROTHERS

Sunday school at 10 a. m. in Crow's hall. Divine worship at 11 a. m. Elder David Hollinger, pastor.

CATHOLIC CHURCH

Service will be held in Crow's hall next Sunday morning at 8 o'clock, and at the same time and place every other Sunday until further notice.

UNION BIBLE CLASSES

The class meets in the Presbyterian church at half past three. Topic: "The Faith of Deliverance." Prizes \$5 and \$10. All are invited to be present. At its meeting last week the class elected officers as follows: President—Mr. J. S. Arlinger. Secretary—Mrs. J. S. Arlinger. Treasurer—Mr. D. C. Smith. Teacher—Mr. A. E. Cahn. Assistant Teacher—Mr. Harrow.

C. P. R. Timetable Changes Sept. 30th

The postmaster here has received notice that the winter time table on the C. P. R. will go into effect on Sept. 30th. The following are the hours at which the mail trains will pass through here on the new schedule:

GOING WEST.
No. 1—Leaves at 22.15.
No. 3—Leaves at 11.35.
GOING EAST.
No. 4—Leaves at 20.40.

These are the trains which carry mail, but there will likely be another train going east in the early morning, which can be flagged here but which will not carry mail. Up till the time that the new station could not give us any information regarding this train, as we had not received the new schedule yet.

33,650 Eligible in Alberta For Class 1

According to statistics from Ottawa gathered from various sources, it is figured that there are approximately 33,650 men in Alberta within the age of Class 1 under the Military Service Act. This does not mean that 33,650 men will be taken from Alberta in the first class. The preliminary working of the medical boards in Ontario in the past few days has shown that over four men called up in Class 1 will be rejected for physical defects.

As has been published several times this week, however, those who have attained the age of 20 years and were born not earlier than the year 1897 are unmarried, or are widowers, but have no child.

From the Ottawa estimate of 33,650 men in Class 1 in Alberta, it is easily seen why the government figures that the 100,000 men required under the act will all be obtained in Canada from Class 1.

Big Grid Continues On Western Front

Reports transmitted through from Allied headquarters show that the big drive indicates that another great drive in following up the one of last week, which will appear to be on a wide front in the vicinity of Ypres and British reports indicate that the Germans are getting another sample of the fighting qualities of the Tonnies in their attack on this wide front the British report good progress and at the same time the British naval base bombarded the German naval base of Ostend on the Belgian coast. In this the British naval patrol also took part and brought down two hostile air planes.

U. S. Troops to Camp in Canada

The Niagara camp, which has had few men there this summer, is to open at once with some 10,000 troops in training. The men are to be Polish-Americans. The United States government not having any plan, readily seized on the opportunity to send the army about the date of the election.

A number of American officers have been in training at Camp Borden for some time and a large charge of the ship troops, and these will be commissioned at Niagara.

General Election Before Christmas

The impression still prevails in government circles at Ottawa, that the general election will not be delayed beyond the month of December. No definite decision will be reached in regard to the dissolution of parliament or the fixing of the date of the election until after Sir Robert Borden returns to the capital early next week.

At its meeting last week the class elected officers as follows: President—Mr. J. S. Arlinger. Secretary—Mrs. J. S. Arlinger. Treasurer—Mr. D. C. Smith. Teacher—Mr. A. E. Cahn. Assistant Teacher—Mr. Harrow.

Upward of 200 men belonging to a class called the military service act, were examined by the five medical boards in Winnipeg last Saturday. The examiners, who were accompanied by the military police, the enforcement for luncheon, there was also a large number of men on hand at all the depots.

The food situation in Belgium is becoming so desperate that Belgium, compelled to work in mines and factories for the Germans, is living on the verge of starvation, according to Mr. and Mrs. Ralph G. Norton of Chicago, who arrived on an American steamship.

PTE. EVERETT ADDRESSES RED CROSS

Tells of Unfounded Criticism and Speaks in Encouraging Term of Excellent Work Being Done at the Society

There was a large turn-out of ladies at the Red Cross meeting last Tuesday afternoon to hear an address by Pte. E. Everett, a returned Red Cross soldier, had kindly consented to give a starter complaining of the usual work of the Red Cross.

Pte. Everett received quite an ovation when he came to address the meeting. In opening he explained that the reason he was taking part in the work in Red Cross work since returning from the front was because of articles, the chief of the Red Cross, which were published in a Calgary publication while he was in the Ogden hospital, which by experience of the good work done by the society, he proceeded to investigate some of the criticisms made. The first was in connection with the Red Cross work, which stated that the Red Cross was selling goods which had been sent in for the boys of the front. He then stated that he was paid six pairs of socks, which had been sent in by the society and the proceeds taken to buy other regulations. The reason the Red Cross was not allowed to be used by the soldiers because of the danger of starting food poisoning among those who had trench feet or foot wounds.

This story grew larger and larger as he reported that the Red Cross had sold six thousand pairs of socks to a second hand dealer in Calgary. When the editor of the publication in question called around to Red Cross headquarters to ask if there was any truth in the six thousand pairs of socks, he was politely told that this was the same six pair of colored sock story which he had heard in the Ogden hospital.

After relating several other similar stories which emanated and ended in very much the same fashion, the speaker concluded by saying that he was very good by drawing their attention to the good work the society is doing for the boys of the front. He then stated that the Red Cross was not allowed to be used by the soldiers because of the danger of starting food poisoning among those who had trench feet or foot wounds.

Pte. Everett then outlined the work done by the Canadian Red Cross society and the over increasing calls being made upon their resources, and consequently the great need for getting all possible assistance from the local branches throughout the Dominion. In this connection he said that while their many calls made upon the people for worthy causes none were more deserving of hearty support than the Red Cross. He then stated that he was very good by drawing their attention to the good work the society is doing for the boys of the front.

Before the meeting adjourned a hearty vote of thanks was tendered to Pte. Everett for his interesting address.

Four Classes of Men For First Draft

The men called up for medical examination under the Military Service Act will be divided into four classes—A, B, C and D. Class A will consist of men fit for combat service and it is not likely any other classes will be added to the colors at this time.

Class B consists of men who are not fit for combat service, but who are fit for non-combatant service overseas, and class C of men fit for non-combatant service in Canada. Class D has not yet been designated.

THINKING.

"If you think you are beaten, you are,
If you think you dare not, you don't,
If you think it ain't yours, you won't,
If you're almost a cinch you think you can't."

If you think you'll lose, you're lost,
For out of the world we find
Success begins with a fellow's will,
It's all in the state of mind.

If you think you're outclassed, you are,
You've got to think high to rise,
You've got to be more of yourself before
You can ever win a prize.

Life's battles don't always go
To the stronger or faster men;
But soon or late the man who wins
Is the man who thinks he can.

BUNCOMB.

Food Controller Hanna says the price of beef is hard to regulate as the price of beef in Canada, is determined by the price of beef in England. This sounds to us like a whole lot of buncumb. We understand the food controller's department was established to obviate just such shifting of responsibility as that. If Canada's food controller can't regulate the price of beef right here where it is grown and butchered and put on the market, then he can't regulate the price of anything. Then why all this talk about food control.

CUT OUT THE FRILLS.

The suggestion of Councillor Howard, as a solution to what appears to be an unsatisfactory system in connection with the securing of funds for the carrying on of schools in towns and cities, looks like a very good one and it is too bad time did not permit of its being brought before the convention of the Municipal union for thorough discussion. Like most conventions, however, too much was left till the dying hours, then it has to be rushed through in a happy-go-lucky sort of way with only the fringe touched.

This convention had a great deal to say about the number of frills on our present school curriculum, and complained that not enough attention was paid to the three R's. It seems to us that these conventions might also cut out some of the frills, such as side trips, banquets, etc., and get down to real business. Then important questions which representatives are called together to discuss might come up for their proper share of attention.

THE HEN NUISANCE.

Judging from the discussion at the council meeting last Monday evening complaints have been lodged with almost every councillor about the distraction and annoyance caused by hen running at large.

We cannot understand why there should be all this trouble every year. There is a bylaw regulating this hen business and it is in force all the year round and not for a few months, as some appear to think. There are men employed by the town to see that the bylaws are enforced but as these men cannot be in two or three places at once it is up to those who have a hen grievance to inform the officers at once.

Supposing there were no such bylaw, it is hard to understand why men will allow their hens to become a nuisance by damage-

ing their neighbor's property, when they can, with no high trouble and expense, be properly penned up. It is a mean spirit and is sure to lead to neighborhood scrap, and goodness knows it is no time to be wasting bellicose energies trying a back-yard fence when there is such a demand for them elsewhere.

WORK FOR ALL.

A meeting of the guarantors of the Chataqua, which is to be here some time in November, was called for last Tuesday evening, but, as is usually the case here lately, only a few turned out. As a result very little of the real business for which the meeting was called could be attended to.

We would like to remind those concerned that this Chataqua is a big undertaking and success depends very largely on the amount of pressure we work those on the contract put into it. It cannot be left to two or three, as so many like to do in matters of this kind. Unless there is an organized systematic effort put forth those on the contract may have to step to the twenty ten or fifteen or twenty five cents each.

START NOW.

The Calgary school board and the Y. M. C. A. have completed a very satisfactory arrangement, the result of which will be that every boy in that city above the age of 11 years, will be taught to swim, and negotiations are under way now with the Y. M. C. A. with a view to securing such satisfactory arrangements with the city.

Redcliff should start now to make arrangements for establishing a swimming pool for next year.

ENORMOUS WASTE.

It is impressive to learn that enough good food is wasted in Canada every day to feed every Canadian soldier who has gone overseas to fight for us.

Through carelessness and inefficiency there is wasted in garbage every year throughout Canada food to the value of \$50,000,000, or about \$7.00 per capita of the home population, according to the recent estimate of the Canadian food controller. To this huge sum must be added a large, though indeterminate number of millions lost through poor storage, delay in transportation, and unhygienic surroundings. What the grand total would be there are no present means of discovering. The important points are that this waste is needless and preventable.

Last week the Canadian millers announced that they had reduced the price of flour to the trade and had fixed the price at \$0.90 a barrel. This at first sight was taken as good news by the general public but recent developments show that the millers were not so patriotic and magnanimous as they would like to have the public believe. According to circulars sent out by the trade by the mills the price quoted is flat, with no discounts for cash or refection for car-load lots. This, according to our information means very little if any difference in price to the bakers and retailers. The mills are evidently trying to dilute that little brown furry animal which sets you fore and aft.

Germans Using

Liquid Fire Now

Liquid fire was used by the Germans in an attack on the French lines in the Tonnain region, north of Verdun, Tuesday. The French, however, repulsed the assault with heavy losses to the Germans. The bombardment that had been in progress on the east bank of the Meuse, in the neighborhood of Chateau, was kept up by the German guns during the night.

WAR MENUS.

How to Have Wheat, Beef and Bacon for the Men at the Front.

MENU FOR FRIDAY.

Breakfast.
Oatmeal Porridge. Milk.
Scrambled Eggs. Toast Marmalade.
Coffee. Sugar.
Dinner.
Baked Fish. Mashed Potatoes.
Corn on the Cob.
Cucumbers. Cornmeal Gems.
Baked Nuts. Sugar. Milk.
Supper (or Luncheon).
Potato Salad with Parsley.
Tea. Biscuits. Apple Sauce.
Oatmeal Cookies. Milk.

The recipe for Cornmeal Gems and Oatmeal Cookies, mentioned above are as follows:
Cornmeal Gems—
½ cup cornmeal.
1 cup flour.
3 teaspoons baking powder.
1 tablespoon sugar.
1 tablespoon melted dripping.
½ teaspoon salt.
½ cup milk.
1 egg.

Oatmeal Cookies—
3 cups flour.
8 cups oatmeal.
1 cup sugar.
1 cup of shortening.
3 teaspoons baking powder.
1 teaspoon salt.
1 cup milk.

Alberta to Have

Rhodes Scholarship

The trustees of the Cecil Rhodes scholarships have now definitely constituted the scholarship fund, contemplated by Rhodes in his will. It has been decided to allot the four new scholarships created in substitution of the scholarships formerly held by German to the provinces of Alberta and Saskatchewan, to the University and the Orange Free State and alternately to the towns of Kimberley and Port Elizabeth.

As Alberta and Saskatchewan have had a scholarship between them the effect of this decision will be that each of these provinces will now have a scholarship.

Waste in Canada

Is Enormous

The enormous waste in food throughout the Dominion is indicated by the statistics compiled by the food controller. It is estimated that, owing to carelessness and inefficiency, there is wasted in garbage every year food to the value of \$50,000,000, or about \$7 per head of the total population.

By complete national organization and economy it is thought the cost of living can be reduced by 5 cents a day for each individual. Counting in the elimination of garbage waste this would mean an annual saving of \$35.50 a head, or a national grand total saving of \$204,400,000, enough to feed an army of 1,500,000 men for a year.

The estimated preventable waste in garbage alone is more than sufficient to feed all Canada's soldiers overseas. Were 1,000,000 Canadian families save one slice of bread per week there would be a weekly saving of 11,250 one-pound loaves—enough to feed three and one-third divisions of soldiers for a day.

Police and agents of the federal government broke up a meeting of the People's Peace Council at Herford, Conn. They arrested several of the speakers after alleged seditious utterances.

Western Provinces

May Control Lakes

As a result of the food shortage arising out of war conditions, three prairie provinces are likely to secure control of a portion of the natural resources. It is altogether probable that, owing to the action of the food controller, the control of certain lakes in Alberta, Saskatchewan and Manitoba will be transferred at his request from the Dominion government to the provinces. The fish committee is now discussing with the provincial authorities a plan by which the provinces will purchase the fisheries as a public enterprise, including the annual catch, by organizing and equipping fishing boats for the lakes, distributing the catch by rapid transit and providing for the replenishing of the waters.

The suggestion has been made that the three provinces should work together in handling the fish. Such cooperation is all the more desirable because of the fact that some of the provinces have lakes which are available for winter fishing only, owing to the lack of railway connection, while other prairie lakes connected by rail with the cities and towns could supply the fish in summer.

If the proposed inter-provincial fishing organization is carried through-out as expected, the western provinces will be assured of a permanent and continuous supply of fresh fish at reasonable prices. The province of Ontario has already taken over the fishing of Lake Nipigon and is preparing to market the fish. In connection with this proposed plan, consideration of the interest of the United States will be given to this extent: "That the food control hopes to secure a volume of production in the prairie provinces increased sufficiently to enable the Americans to obtain their usual supply and to avoid a reduction of our export trade."

In view of the numerous changes in the high commands of the Russian army due to the Korniloff revolt, the minister of marine and navy changes would be made in the navy, and that all the chiefs would be retained in their posts.

Painting & Decorating

While I am in town at the R. B. Stoner Manufacturing plant, I will be prepared to do all kind of painting, sign painting and decorating or calendering.

G. A. CALDWELL

Orders left at the Review office will be promptly attended to.

Pope to Make

Second Peace Move

The reply of the extent allies in the note of Pope Benedict is being awaited by the Vatican, after which the pope will again address a note to all belligerents. The pontiff will point out that the questions on which all agree really represent the foundation of a new order of things in the world had a new era of peace for humanity. Secondly, however, he will say, certainly can be adjusted easily and better through good will and friendly discussion than by force of arms.

REDCLIFF ASTONISHED

BY MERCHANT'S STORY.
A merchant relates the following: "For years I could not sleep without turning every hour. Whatever I ate caused gas and sourness. Also had stomach catarrh. ONE SPROUTL buckhorn bark, glycerine, etc., as mixed in Adler-ka relieved me INSTANTLY." Because Adler-ka fulfills the ENTIRE ALLYMENT tract it relieves ANY CASE constituting sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold. C.T. Hall, Druggist.

ITEMS OF LOCAL INTEREST

The popular song in Buenos Aires now is "Home! Sweet Home!"

A. C. Woolfries left last night for his home, 15 miles north of town.

A man black slicker was found and left at this office. Owner can get same here.

Remember the annual meeting of the local Red Cross society in Reid's hall on Oct. 9th.

The teachers' convention for this district will be held in Medicine Hat on October 25 and 26.

Engineer Askwith spent a few days this week in Red Deer on business in connection with the town.

Mrs. H. J. Sisson, who has been a guest at the Hargrave cottage at Banff, returned home last Saturday.

E. Hube, who underwent an operation last week, is now out around again and is gradually improving.

Score of babies are on the Presbyterian Cattle Bell, and they are at church next Sabbath forenoon.

LOST—General west of town a cover for motor top. Finder leave same at this office.

Mrs. Sampson, of Brandon, Man., nee Miss Gordon, formerly of Redcliff, is visiting her sister in Medicine Hat.

Prof. Everett leaves next Monday for Coole where he will address the Red Cross society at their annual meeting.

The Presbyterian Ladies' Aid will hold a tea in the church tomorrow (Friday) afternoon, commencing at 2 o'clock.

The Medicine Hat council appointed a committee to investigate the cause of the present high cost of milk in this city.

Mr. and Mrs. J. Battie and family spent last week-end visiting Mrs. Battie's parents, Mr. and Mrs. P. H. Wedderburn.

STRAYED—Wolfhound; color, grey with a yellow tint; answers to name of Rover. Finder please notify Review office.

One of the rooms at the Reid block is now fitted up ready to accommodate the overflow at the school. It will be occupied the first of next month.

WANTS TO RENT—Half section at Hasi; must be buildings and water on premises, and 800 or more acres broken. Address B. Redcliff Review.

At the soil production exhibition in Peoria, Illinois, Manitoba carried off the bulk of the prizes for wheat, oats, potatoes and flax.

Two children in several Alberta towns are now collecting little presents to be sent to the soldiers at the front for Christmas.

Mrs. H. O. Kink is confined to her bed suffering from a severe attack of pneumonia. Her condition was very serious Tuesday night but is now some better.

It is expected that the food controller's department will also fix the price of potatoes. One and a half cents a pound is one guess made as to the price to be set.

Mr. and Mrs. H. Murphy and family left last Tuesday for Vancouver where they will remain for three months. Mr. Murphy has been C. P. agent here but has been compelled to take a rest owing to ill health.

As a result of this tag day and concert for the French Emergency Fund, Medicine Hat, raised \$508.00. The tags brought in \$309.65 and the concert \$100.35. Those who undertook the raising of the funds are disappointed in the poor showing made.

Workmen are now busy repairing old British-Norfolk building on First street and getting it in shape to be occupied by the Helling Mills company as a pattern shop.

Mrs. McGee, of Winnipeg, arrived in town last evening, having been called here owing to the serious illness of her daughter, Mrs. H. O. Kink.

Miss McDonald, of the school teaching staff, returned to town last Saturday after spending the summer at her home in Charlottetown, P. E. I. She resumed her duties at the school on Monday.

The R. B. Stoner plant has received another big repeat order for grain tanks being manufactured at this plant. These tanks are giving entire satisfaction and are now in great demand.

The members of the Catholic church intend holding a social evening in Reid's hall on the 3rd of October. The evening's program will consist of games, music and dancing.

Miss Jennie Webb, formerly of this town but who has been in Minneapolis for the past year, returned to town Monday evening and is now visiting her sister, Mrs. D. Smith.

Two cars of Alberta wheat, the first of a 3,000-ton shipment which will be shipped to Great Britain by way of the Panama Canal, left this week. The shipment is intended to test the practicability of the canal as a route for grain shipments.

A number of members of the local Old Fellows lodge intend visiting the Medicine Hat lodge tonight to assist in the putting on of some degree work. Four new candidates from here will accompany the brethren and take the initiatory degree.

W. J. Fairbairn received word on Tuesday that his son, Lloyd, who has been in training in Winnipeg, is to leave on Saturday for overseas. Mrs. Fairbairn left on Wednesday for Winnipeg to see her son before leaving.

The two extra prizes given by Dr. Hayds of Medicine Hat for the baby show held here on Labor Day are now at this office and may be secured by the babies or their mothers any time. One of the prizes is for Baby Reeves and the other for Baby Holt, both of this district.

A spark from the shunting engine started a prairie fire along the west pier and but for the prompt action of Mayor Bott and Councillor Lydiatt might have ended serious. The C. P.

R. snow fence caught in adverse places and it was some time before the fire was finally extinguished.

W. Higgins is having a new 30-horse power, four cylinder engine installed in the Amos & Uden power house. When this engine is in place it will not only improve the efficiency of this picture show house but will also run with much less noise.

W. T. Lockwood, who has been spending the summer in Greenville and other cities in Ohio, returned to town on Tuesday evening's train. Mr. Lockwood certainly made a quick trip back. E. L. Aspinwall wrote to him at Greenville, Ohio, early Tuesday evening to "come home at once as all was forgiven" and W. T. landed on the 10:40 train the same evening.

Uncle Sam Has Plenty Of Evidence to Come

While there is no indication of what will be the state department's next disclosure of German intrigue in America or elsewhere, it is known that Washington has disclosed at occasional intervals as yet unpublished are being held in reserve and may be made at any time.

One of the things the state department has a list of persons who received German money in the passport frauds, the munitions plots and practically all of the other activities of German intrigue which took place between the beginning of the war in August, 1914, and the entry of the United States into the conflict. This list is said to contain scores of names and the amounts of money received are very high.

From time to time the department also probably will make public certain evidence to dispose of the denials of those who have been involved in the disclosures already made.

The house of representatives of Australia has passed the bill authorizing a tax of enlisted men. Police and prison officials and clergymen will not be exempted, while widowers with children may claim exemption.

Fuel Controller Now in the West

C. A. Magrath, Dominion fuel controller, is now in Calgary looking over the coal situation in the west. He has asked Premier Sifton to appoint someone to co-operate with him in looking after the situation from the controller's point of view in Alberta. The other provinces have made similar appointments. The position is an honorary one with no salary. Mr. Magrath says that the appointees are doing excellent work.

They Want Flavelle And Hanna Fired

The Riverside Conservative Association, at a meeting, held last Saturday night, passed resolutions calling upon Sir Robert Borden to demand the resignations of Sir Joseph Flavelle, chairman of the Imperial Munitions Board, and Food Controller Hanna, and urging the government to appoint a supply and food price regulator, and to take over all cold storage plants in Canada and operate them for the people.

Revision of Voters List

The Voters' List of the Town of Redcliff is now completed, and may be inspected at the office of the Secretary-Treasurer between the hours of 9 a. m. and 5 p. m., except Saturday, and on that day between 9 a. m. and 12 noon.

Any person having the necessary qualifications and whose name has been omitted from the list, is requested to immediately make application to this office, in order that his or her name may be added.

F. H. COURTNEILL, Secretary-Treasurer. September 11th, 1917.

A Copenhagen dispatch to the Central News says that Gen. Alexander committed suicide after an interview with Premier Kereksky.

United States customs officers removed from a Spanish steamer approximately \$50,000 in gold coin secured in a large quantity of ship stores. The seizure was made a few minutes before the vessel was scheduled to depart for a Spanish port. An investigation is now in progress.

The king of Bavaria has sent peace to the value of a half million marks to neutral countries for sale, according to the Berlin Lokal Anzeiger.
